

**MINUTES**  
**FAIRFIELD POND BEACH COMMITTEE**

Thursday, July 14, 2016

6:30 pm

Pond Beach

Present: Ron Bocash, Amanda Forbes, Shayne Bocash

1. Call to Order at 6:30 pm

- We probably should wait until the road is paved to install the post, rope and sand.
- If we use the same sand as installed by the hydrant we need to just put 2" to keep it from washing into the pond and manageable with the York rake. It got quite muddy with 4-5"
- The turnaround spot next to the hydrant needs to be a little bigger so it can act as a U turn when the road is moved.
- The road needs to go as far north as possible to leave maximum room for parking.
- Boat access will only be in the section west of the port-a-let. The water is deeper there than on the beach section, at 30 paces on the beach the water depth is 16" at the "boat lunch location at 30 paces it is 24".
- Two surveillance cameras and four "24 hr surveillance" signs purchased, to be installed next week.
- Amanda will look into the lighting from VEC.
- Norman will try to find some bigger cedar post.

2. Other items

3. Set next meeting date and time- Will set by email after paving is done.

4. Adjourn
